St Dunstons Coffee house

Saturday the 12. 7ber 1713

Pres<sup>t</sup>. S<sup>r</sup>. John Philipps M<sup>r</sup>. Dolius,  
M<sup>r</sup>. Boehm, M<sup>r</sup>. Hoare, and  
M<sup>r</sup>. Mackbell, M<sup>r</sup>. Cockburn.

They have approved of the following Paragraph,

relating to the Protestant mission  
to the East Indies to be inserted in the Society's next  
Letter.

As to the Progress of the Protestant mission  
to the East Indies, I am to acquaint you, that, in  
November 1712. M<sup>r</sup> Glutscho (one of the first mis-  
sionaries sent thither) <sup>arrived</sup> here from Tranquebar, with a  
design to continue some time in Europe, and to reside  
chiefly at the university of Hall in Saxony, for the  
service of the mission. He went from hence to  
Denmark, to acquaint his Danish Majesty with the  
state thereof, and the obstructions the missionaries  
have met with. And we have an account that he  
was graciously received by the King, who has been  
pleased to settle the mission upon a better foot, &  
to make a considerable augmentation to his  
annual allowance, for supporting the charge  
of it, which increases daily; and he has further  
promised to send him a small pension.

in Portuguese, a brief instruction in the principles of  
Christianity, with some Collects, Hymns &c which  
was immediately printed, and some hundred Copies  
thereof were sent over to India by the last Fleet

The Society did likewise procure a passage  
on board the same Fleet for a Schoolmaster, Printer  
and his assistant, with a Font of Malabarick Types  
or sent hither from Ball by Mr. Professor Frank-  
as also from the Contributors here, for 75. Ream  
of paper, 200. Cpgs of the New Testament in  
Portuguese, and some Portuguese Books, as a  
help to perfect the Missionaries in the knowledge  
of that Language: All which Goods, tho' amounting  
in Quantity to several Tuns, the Honourable Direct-  
ors of the East India Company accord to be sent  
hither, on board their Ships, Freight free; which  
favour the Society thankfully Acknowledged, and  
will always retain a gratefull Sense of: Besides

Beiers of Eight to the value of 50. pounds  
Hall.

I must not forget to acquaint you, that Mr. B. brought with him a very hopeful Malabar man baptised at Tranquebar, by the name of Timothy who is designed to be Educated at Hall for the service of his mission.

In July last, and since, the Society have received several packets from the missionaries at Tranquebar and are not a little rejoiced to understand by them, what a great Support, Comfort, and Encouragement to those pain full and afflicted Labourers in the Lord's Harvest, the Supplies sent from England have been, and how Seasonably they came to their hands. They cannot sufficiently praise God for raising up so many friends in England, zealous for the Conversion of the Benighted Heathen, to the glorious Light of the Gospel of Christ. They return their most humble and hearty Thanks to all their Worthy Benefactors.

Engaged in.

They write, that the Printing Press, with the Paper, and other things sent by the Society three years ago, will be of great use to them, and notwithstanding the Loss of Mr. Finch the printer, who dy'd in his Voyage thither, they have already set the Press on Work, and have actually printed a primer, a short Catechism, call'd the Method of Salvation, together with a Sheet Almanack, very much wanted in those parts of all which they have sent some Copies to England and they hope that this Printing Press may, with the Blessing of Almighty God, prove one happy mean, of Spreading the saving Knowledge of Jesus Christ, in those Idolatrous Countries.

The New Testaments in Portuguese, sent by the Society two years ago, are made use of in their Portuguese Church and Schools, with good Advantage.

In the Malabarick and Portuguese Churches there

" were formerly 120. of which 50. are  
" Catechumens, &c. In the five Charity Schools there  
" were 70. Children, of which 50. are Cloathed & well  
" maintained, together with six other off sons, who are em-  
" ployed by the Missionaries, in preparing Food for  
" Children, and other Services about the Churches  
" Schools.

“ They hope that, in a little time, some of the  
“ more advanced scholars in the Malabarick School,  
“ will be fit to be Employed in this work, in the Qual-  
“ of Schoolmasters, Catechists and Transcribers.

“ Some time ago they began a Correspondence with  
“ some of the most Learned of the Damulians, or  
“ Malabarians, whose Letters they judged might be  
“ usefull, and have therefore transmitted them  
“ hitherto, Translated into the German Language,  
“ in order to be printed.

" They have sent their Thoughts to the Society, that  
the Gospel may be propagated in these parts of the

it will meet with less obstruction than at Tranquebar.  
There is a prospect of a great Harvest in these East-  
ern parts of the World, but the fit Labourers are  
few, it is therefore recommended by you, that you  
would pray the Lord of the Harvest, that he  
would raise up, and send forth Labourers into  
this Harvest.

Agreed to meet again as Mr. Hoare shall direct.
